### PRESIDENT'S MESSAGE

Dear Members:

I am pleased to announce that we have a special program scheduled for this month. Mr. Gil Avery is an ASHRAE Distinguished Speaker and will not only be presenting a 1-hour presentation on HVAC controls but will also give a 3-hour seminar entitled "*Improving The Efficiency Of Chilled Water Plants*". Thus, our licensed members can earn up to four PDHs this month.

Also, a member of our chapter Board of Governors, Steve Grant, will give details concerning the development of a new chapter directory that we have been promising. You will be pleased with the model Steve has submitted for board review. I hope to see you there.
